LIMITED TRADE PHOTOSHOOT INSTRUCTIONS

My trades are very limited and based on your look and your ability to improve everyone's portfolio.

----- TRADE INSTRUCTIONS -----

IT'S IMPORTANT THAT YOU READ CAREFULLY

1. Please no boyfriends, husbands, fiancées, or kids.

The tight shoot schedule moves better with no distractions for anyone.

2. Please bring a bff, and/or a mua, and/or a stylist to HELP you.

I will provide them with images they can use.

Think of yourself as a race car driver who would never be his own pit crew.

3. I do not give away cd's of this trade shoot.

We would all look unprofessional if any unedited images from this shoot goes public.

I edit and release only a limited number of the BEST images from any trade.

*** You will receive two (2) sets of six (6) edited images that you can use any way you like.

I will send you two folders of images within 48 hours.

Your "WEB" folder will be used for posting on the web.

*Your "PRINT" folder will be used to make prints. ****

4. Put together a minimum of two (2) completely different looks.

The more absolutely different looks you create will make this shoot look like more than one shoot at more than one locations.

Nothing in one look

(hair, makeup, shoes, clothing, accessories, props, etc.)

can be used in the next look.

The more looks that are totally different you create the better.

5. Please arrive on time.

I'm never on time I'm always early and I give references.

6. If I don't contact you I am not trying to hurt your feelings.

Please don't take a non-response as a rejection of your looks it isn't.

7. Ask all the questions you want.

I will be asking you many questions so it's only fair that you do too.

8. You are going to have fun.

This is my guarantee for all my trade shoots.

9. Please credit me because I will credit you even if your not on MM.

I retain all copyrights to all images we create.

I will give you permission to use your images anyway you like in each images' metadata.

After all this is a collaboration.

So now let's go shoot something
